

FISCAL CONSERVATION

The Online Fiscal Conservation System provides the basic service of legally compliant conservation of fiscal documentation.

Conservation of electronic invoices is done in accordance with the stipulation of the Ministry of Economy and Finance that tax records should be kept securely for a minimum of 10 years.

The system allows for archiving of the FatturaPA and other types of electronic documents of a fiscal nature by means of technologies that guarantee the characteristics of authenticity, integrity, reliability and accessibility. Thus it provides the user with absolute certainty of correctness.

The forwarding and management of the archival package is done with reference to the subject as identified by VAT number or tax file number: the National Council, the District Council of Notaries, the notary.

The archival package forwarded for the taxpayer is grouped into a "collection" ["raccolta"]. The application allows an authorised user to search for and retrieve archived documents in accordance with current legislation on access to electronic documents.

Società informatica
del notariato italiano

notartel

Founded in 1997, Notartel is a company owned by the National Council of Notaries and the Cassa Nazionale. We implement and manage computerised and online services for Italian notaries. We connect all Italian notarial offices through the Unified Notarial Network (R.U.N.), a private web platform created by the Notariat at its own expense that provides services for communications with the public service and thus indirectly with the public. Our task is to implement the policies set out by the IT Sector of the National Council. Our operational aim is to integrate the internal services within the notary's office, created in-house or by third parties, with those of the Public Administration and private parties using a single Notarial computer system. Since 2002 we have managed the issuing of digital signatures and smart cards as well as certified electronic mail for Italian notaries on behalf of the National Council of Notaries. We have been certified ISO 27001: 2013, ISO 9001: 2000 and Regulation EU No 910/2014 (eIDAS). We are registered in the list of accredited AgID Conservators and in the Register of online sale Managers by Ministry of Justice.
